LPS C4000 SHRINK WRAPPING SYSTEM

Improves The Security & Presentation of Your Products

What Does It Do?

The LPS C4000 shrink wrapping system provides high quality results. Using **HIGH PERFORMANCE** steel resistors, the C4000 **REDUCES SHRINKING TIME BY 50%** and **HEATING TIME BY 60%**

Equipped with new cutting edge and **PATENTED** technology the C4000 combines significant technological content in a compact design without losing sight of excellence. The C4000 features a Comfort Zone Fan Stop, which is a **GREEN SOLUTION** that allows to save 20% more energy, as the fan stops when the chamber opens. The machine is extremely quiet making it suitable for most working environments.
