

## LPS C5500 SHRINK WRAPPING SYSTEM

### Improves The Security & Presentation of Your Products

#### What Does It Do?

The LPS Semi-Automatic machine helps to protect products, whilst presenting them in a clear and appealing way. It comes with a PLC Interface and packaging plate of 540 x 390mm. The shrink film also **PROTECTS** the products from water damage and **STRENGTHENS THE OVERALL PROTECTION** of the products. This machine is available in both **MANUAL** & **AUTOMATIC** versions. The Ultra performing steel heating elements means in **REDUCES SHRINKING TIME by 50%** and **REDUCES HEATING TIME by 60%!**
