LPS C7600A SEMI-AUTO SHRINK WRAPPING SYSTEM

Improves presentation and protects your products

What Does It Do?

The LPS C7600A is a semi-automatic shrink wrapping system that helps to protect products whilst still presenting them in clear, appealing way. The shrink film also protects the products from water damage and strengthens the overall protection of products.

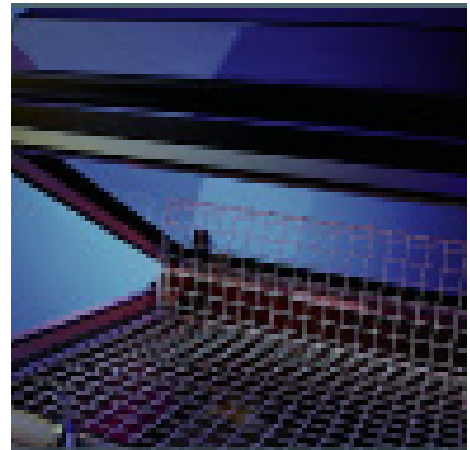

Key Features:

- **High-performance steel heaters:** shrinking time cut by 50% and heating time cut by 60%.
- **Comfort Zone Fan Stop:** the fan stop is a "green" solution that allows to save 20% more energy and provides greater operator comfort during packaging, since the fan stops when the chamber opens.
- **New latest-generation Schneider Electric board:** quality components. 4-digit display.
- **Waste rewriter:** productivity up by 20%.
- **Sealing bar cooling:** increased productivity and improved sealing.
- **Automated chamber:** higher productivity.
- **Automated output plate:** higher productivity
- **Graphical touch-screen control panel:** this has an intuitive menu in 8 languages with 10 easy to-manage storable programs to meet all programming needs.
- **LCD 3.4" display:** offering visibility and comprehensive information.
- **USB communication port:** this permits immediate software updating in the event of maintenance operations.
- **Possibility of "automatic" working cycle** (processing cycles in sequence and programmable interval) or "manual" (individual working cycle).
- **The control logic is managed by a Schneider Electric PLC:** this means components that can be procured practically everywhere.
- **The PLC can be accessed through a hatch on the front for easier maintenance.**

LPS - PACKAGING MADE EASY

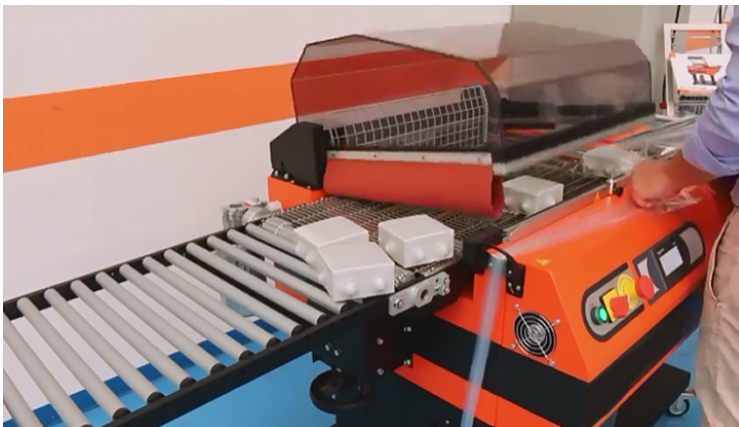

SPECIFICATIONS

Speed	Up to 650 products per hour – Speeds dependant upon applications and operators.
Maximum Power	3.6kw
Power Supply	200/230/400v 3Ph 230 1Ph
Phase	1ph
Sealing Bar Dimensions	Max 540 x 390mm
Max product size	500mm x 380mm x 200mm
Max Film Roll Dimensions	250mm x 600mm
Working Plate Height	925mm
Machine Weight	174/134kg
Machine Dimensions with Open Hood	1930mm x 810mm x 1310mm
Machine Dimensions with Closed Hood	1930mm x 810mm x 1165mm
Machine weight (Net/Gross)	100kg/198kg

OPTIONS

Stainless steel packaging plate
Blowing unit
High hood 300 mm
Film opening sheet metal
2nd table top reel support
Roller conveyor lg. 1 m
Blade internal front protection

Why Choose An LPS Shrink Wrapping System?

Liberty Packaging Systems is one of the UK's leading suppliers of packaging equipment. As well as having a dedicated team of knowledgeable experts to offer advice and bespoke solutions to suit your mailing needs, we have a well-trained customer support team and highly skilled team of field engineers to support you after your purchase.
