VP700 COLOUR LABEL PRINTER

FAST HIGH QUALITY COLOUR LABELS

ON DEMAND PRINTING

What does the VP700 do?

The VP700 is a revolutionary digital printer that prints on demand. Integrated with Memjet thermal inkjet technology, the VP700 prints at a remarkable speed of 18 metres per minute. It delivers exceptionally vibrant colour graphics of up to 1600 x 1600 dpi quality. The VP700 is designed for flexibility and convenience for in house labelling requirements.

Why choose an LPS printer?

Liberty Packaging Systems is one of the UK's leading suppliers of printing and packaging equipment. As well as having a dedicated team of knowledgeable experts to offer advice and bespoke solutions to suit all your packaging needs, we have a well-trained customer support team and highly skilled team of field-based engineers to support you after your purchase. This reliable and efficient after-care support service is provided to ensure you get the most out of your purchase. We also offer a comprehensive range of technical support and service packages that cover both equipment and software. Our maintenance packages are an economical way to maximise performance and the longevity of your machine, ensuring peace of mind operation of your production requirements.
