VP750 COLOUR LABEL PRINTER

FEATURING ENHANCED WATER RESISTANCE

ON DEMAND PRINTING

What does the VP750 do?

The VP650 is the next generation colour label printer featuring enhanced water resistance print technology. The VP750 produces labels that are suitable for: chilled food & beverages, animal care, cleaning products, chemicals, pharmaceutical products, moisture exposed products and much more.

Why choose an LPS printer?

Liberty Packaging Systems is one of the UK's leading suppliers of printing and packaging equipment. As well as having a dedicated team of knowledgeable experts to offer advice and bespoke solutions to suit all your packaging needs, we have a well-trained customer support team and highly skilled team of field-based engineers to support you after your purchase. This reliable and efficient after-care support service is provided to ensure you get the most out of your purchase. We also offer a comprehensive range of technical support and service packages that cover both equipment and software. Our maintenance packages are an economical way to maximise performance and the longevity of your machine, ensuring peace of mind operation of your production requirements.
